

NON-PROFIT MANAGEMENT   
**AnyWare**

The ultimate partner for supporting your cause in today's digital age. From Grant Management to Marketing Automation, AnyWare Apps is here to save you time and energy!

With **NON-PROFIT MANAGEMENT ANYWARE**, you'll find a central point to manage everything necessary in your organization - from grants and fundraising to contacts and marketing.

## BENEFITS OF NON-PROFIT MANAGEMENT ANYWARE

- Support the Cause 24/7
- Increase Support With Extensive Reach
- Speed Up Donations
- Save Time By Utilizing Marketing Automation
- Useful Native App for Software

**Grant Management:** Set steps to win a grant and use in a project/opportunity management setting with notifications, reminders, tasks and progress-management capabilities.

**Document/Record Management:** Manage supporting content regarding grant applications, contracts, and other important documents.

**Fundraising Event Management:** Manage event announcements, secure event sites, collect registration fees by credit card, assign volunteers for tasks, and share updates with attendees.

**Contact Management:** Oversee donors, volunteers, supporters, and sponsors with the ability to connect by phone, email, SMS.

**Calendar/time Management:** Schedule meetings with donors, volunteers, and supporters that link to Outlook and Gmail calendars.

**Marketing Automation:** Automate donation collections, giving programs, donor interactions, and volunteer communications. Utilize multichannel marketing capabilities such as dual email/SMS messaging and social media.

**Online Store Management:** Create and operate an online store to sell merchandise and generate revenue for your organization.

**Reports/Dashboard:** Using dashboards and reports to see the progress and status of invoices and more with easy-to-follow dashboards and detailed reports.
